1991 CENSUS OF CANADA

TO BE COMPLETED JUNE 4, 1991

A Message from the Chief Statistician of Canada

The information collected by the 1991 Census is essential to planning Canada’s future as we prepare for the twenty-first century. Your answers will be kept strictly confidential — but when combined with the replies of all other Canadians, they will provide the information necessary for a better understanding of our country and our different communities. The results of the census are used in making informed decisions at a national, provincial and local level. Your help is vital in this national endeavour. Please complete your census form by following the steps and mail it back on June 4.

Thank you for your co-operation.

Ivan P. Fellegi
Chief Statistician of Canada
