

- Saturday 6  
warm  
fine  
Busy computing, — The evening & night were glorious — the clear moonlit sky & soft balmy air and I at home with my dear family. We sat together on the porch overlooking the velvet <sup>moon-lit</sup> lawn ~~lighted~~ with here & there the dark shadows of the trees, we sang together I accompanying on the guitar. — I said to Marie that as the canning season has commenced we should can such a glorious and delightful night that in future we could enjoy some of it when the natural product is not available. —
- Sunday 7  
warm  
The boys went to Beech with Jacob, the girl being away also, leaves Marie & me alone. —  
Did some writing & computing.  
After tea we all took out outside and enjoyed the evening air.
- Monday 8  
very warm  
Busy computing. — After tea Marie & I drove to Capeland's to order raspberries. It was delightful driving. The farmers are busy harvesting.
- Tuesday 9  
very warm  
Busy computing.
- Wednesday 10  
warm  
Busy computing. —
- Thursday 11  
warm  
Thunder shower  
Busy computing.
- Friday 12  
warm  
Busy computing. The prophesied earthquake & other calamities as stated by that crack Dr. R. Fall did not put in its appearance today. After tea Marie & I took a walk stopping on the way at Mrs. Lobb's & Mrs. Abbe's. —
- Saturday 13  
pleasant  
Busy computing. After tea Marie & I were out for a walk.
